Successful technical blogging is not easy but it's also not magic. Use these techniques to attract and keep an audience of loyal, regular readers. Leverage this popularity to reach your goals and amplify your influence in your field. Get more more users for your startup or open source project, or simply find an outlet to share your expertise. This book is your blueprint, with step-by-step instructions that leave no stone unturned. Plan, create, maintain, and promote a successful blog that will have remarkable effects on your career or business. Successful people often get recognition by teaching what they know. Blogging is a reliable path to do that, while gaining influence in the process. The problem is getting it right. Far too often professionals start a blog with big hopes, only to quickly give up because they don't get speedy results. This book will spare you that fate, by outlining a careful plan of action. A plan that will bring amazing benefits to your career, new job possibilities, as well as publishing, speaking, and consulting opportunities. And if you are blogging for business, you'll attract new customers, partners, and outstanding employees. Understand what blogging is and how it can improve your professional (and personal) life. Devise a plan for your new or existing blog. Create remarkable content that ranks well in Google and is shared by readers. Beat procrastination by employing proven time-management techniques that make you an efficient and effective blogger. Promote your blog by mastering on-page and off-page SEO, as well as social media promotion, without compromising your ethics. Analyze your traffic to understand your audience and measure growth. Build a community around your blog and make the best of your newfound popularity, by maximizing its benefits for your career, business, or simply for extra income. Create and maintain a successful technical blog that will amplify your impact, influence, and reach by following Antonio's step-by-step plan.

Meet outgoing Ava Wren, a fun fifth grader who tries not to lose patience with her shy big sister. When Pip's 13th birthday party turns into a disaster, Ava gets a story idea for a library contest. But uh-oh, Ava should never have written "Sting of the Queen Bee." Can Ava and her new friend help Pip come out of her shell? And can Ava get out of the mess she has made? Praise for Ava and Pip: "Weston perfectly captures the complexities of sisterhood." -The New York Times "Charming! Surprising! Inspiring!"-Karen Bokram, Founding Editor of Girls' Life "An endearing story about two very different sisters." -Pittsburgh Post-Gazette "A big W-0-W for Ava and Pip!"-Julie Sternberg, Like Pickle Juice On a Cookie "Ava Wren makes reading and writing so much fun, she deserves a T-0-P-S-P-0-T on your bookshelf." -Dan Greenburg, author of The Zack Files and Secrets of Dripping Fang
