manifesto, and a text to be deconstructed--while the historical Black Elk has faded from view. In this sweeping book, Joe Jackson provides the definitive biographical account of a figure whose dramatic life converged with some of the most momentous events in the history of the American West. Born in an era of rising violence, Black Elk killed his first man at Little Big Horn, witnessed the death of his second cousin Crazy Horse, and traveled to Europe with Buffalo Bill ' s Wild West show. Upon his return, he was swept up in the traditionalist Ghost Dance movement and shaken by the massacre at Wounded Knee. But Black Elk was not a warrior and instead choose the path of a healer and holy man, motivated by a powerful prophetic vision that haunted and inspired him, even after he converted to Catholicism in his later years. In Black Elk, Jackson has crafted a true American epic, restoring to Black Elk the richness of his times and gorgeously portraying a life of heroism and tragedy, adaptation and endurance, in an era of permanent crisis on the Great Plains.

The famous story of the Lakota healer and visionary, Nicholas Black Elk.

Since its publication in 1932, Black Elk Speaks has moved countless readers to appreciate the American Indian world that it described. John Neihardt ' s popular narrative addressed the youth and early adulthood of Black Elk, an Oglala Sioux religious elder. Michael F. Steltenkamp now provides the first full interpretive biography of Black Elk, distilling in one volume what is known of this American Indian wisdom keeper whose life has helped guide others. Nicholas Black Elk: Medicine Man, Missionary, Mystic shows that the holy-man was not the dispirited traditionalist commonly depicted in literature, but a religious thinker

whose outlook was positive and whose spirituality was not limited solely to traditional Lakota precepts. Combining in-depth biography with its cultural context, the author depicts a more complex Black Elk than has previously been known: a world traveler who participated in the Battle of the Little Bighorn yet lived through the beginning of the atomic age. Steltenkamp draws on published and unpublished material to examine closely the last fifty years of Black Elk ' s life—the period often overlooked by those who write and think of him only as a nineteenth-century figure. In the process, the author details not just Black Elk ' s life but also the creation of his life story by earlier writers, and its influence on the Indian revitalization movement of the late twentieth century. Nicholas Black Elk explores how a holy-man ' s diverse life experiences led to his synthesis of Native and Christian religious practice. The first book to follow Black Elk ' s lifelong spiritual journey—from medicine man to missionary and mystic—Steltenkamp ' s work provides a much-needed corrective to previous interpretations of this special man ' s life story. This biography will lead general readers and researchers alike to rediscover both the man and the rich cultural tradition of his people.

Told from the Native American point of view, Black Elk ' s Vision provides a unique perspective on American history. From recounting the visions Black Elk had as a young boy, to his involvement in the battles of Little Big Horn and Wounded Knee, as well as his journeys to New York City and Europe with Buffalo Bill ' s Wild West Show, this biographical account of Black Elk—an Oglala-Lakota medicine man (1863–1950)—follows him from childhood through adulthood. S. D. Nelson tells the story of Black Elk through the medicine man ' s

voice, bringing to life what it was like to be Native American in the mid-to-late nineteenth century and early twentieth century. The Native people found their land overrun by the Wha-shi-choos, or White Man, the buffalo slaughtered for sport and to purposely eliminate their main food source, and their people gathered onto reservations. Through it all, Black Elk clung to his childhood visions that planted the seeds to help his people—and all people—understand their place in the circle of life. I was at my grandfather's house, and he was sitting down, getting his pipe ready early in the morning, and here was Father Sialm knocking on the door. They opened the door, and he came in, and he saw my grandfather with the pipe. Father Sialm grabbed the pipe and said, "This is the work of the devil!" And he took it and threw it out the door on the ground. My grandfather didn't say a word. He got up and took the priest's prayer book and threw it out on the ground. Then they both looked at each other, and nobody said one word that whole time.
