Communalism A Primer - h2opalermo.it

Communalism is a political philosophy and economic system that integrates communal ownership and confederations of highly localized independent communities. Murray Bookchin, a prominent libertarian socialist, defines the communalism he developed as "a theory of government or a system of government in which independent communes participate in a federation" as well as "the principles and practice of communal ownership". The term government does not imply acceptance of a state or top-down hierarchy
