As a great wall of dust moves across their drought-stricken farm, a family's distress is relieved by a young man called Drylongso, who literally blows into their lives with the storm.

In *Racism in a Racial Democracy*, France Winddance Twine asks why Brazilians, particularly Afro-Brazilians, continue to have faith in Brazil's "racial democracy" in the face of pervasive racism in all spheres of Brazilian life. Through a detailed ethnography, Twine provides a cultural analysis of the everyday discursive and material practices that sustain and naturalize white supremacy. This is the first ethnographic study of racism in southeastern Brazil to place the practices of upwardly mobile Afro-Brazilians at the center of analysis. Based on extensive field research and more than fifty life histories with Afro- and Euro-Brazilians, this book analyzes how Brazilians conceptualize and respond to racial disparities. Twine illuminates the obstacles Brazilian activists face when attempting to generate grassroots support for an antiracist movement among the majority of working class Brazilians. Anyone interested in racism and antiracism in Latin America will find this book compelling.

In spite of the double burden of racial and gender discrimination, African-American women have developed a rich intellectual tradition that is not widely known. In *Black Feminist Thought*, Patricia Hill Collins explores the words and ideas of Black feminist intellectuals as well as those African-American women outside academe. She provides an interpretive framework for the work of such prominent Black feminist thinkers as Angela Davis, bell hooks, Alice Walker, and Audre Lorde. The result is a superbly crafted book that provides the first synthetic overview of Black feminist thought.

“ The authors do not hold back. ” —Booklist (starred review) “ The palpable desperation that pervades the plot...feels true, giving it a chilling air of inevitability. ” —Publishers Weekly (starred review) “ The Shustermans challenge readers. ” —School Library Journal (starred review) “ No one does doom like Neal Shusterman. ” —Kirkus Reviews (starred review) When the California drought escalates to catastrophic proportions, one teen is forced to make life and death decisions for her family in this harrowing story of survival from New

York Times bestselling author Neal Shusterman and Jarrod Shusterman. The drought—or the Tap-Out, as everyone calls it—has been going on for a while now. Everyone’s lives have become an endless list of don’ts: don’t water the lawn, don’t fill up your pool, don’t take long showers. Until the taps run dry. Suddenly, Alyssa’s quiet suburban street spirals into a warzone of desperation; neighbors and families turned against each other on the hunt for water. And when her parents don’t return and her life—and the life of her brother—is threatened, Alyssa has to make impossible choices if she’s going to survive.

A “New & Noteworthy” selection of The New York Times Book Review “Alexis Clark illuminates a whole corner of unknown World War II history.” —Walter Isaacson, New York Times bestselling author of Leonardo da Vinci “[A]n irresistible human story. . . . Clark’s voice is engaging, and her tale universal.” —Jon Meacham, Pulitzer Prize-winning author of Thomas Jefferson: The Art of Power and American Lion: Andrew Jackson in the White House A true and deeply moving narrative of forbidden love during World War II and a shocking, hidden history of race on the home front This is a love story like no other: Elinor Powell was an African American nurse in the U.S. military during World War II; Frederick Albert was a soldier in Hitler’s army, captured by the Allies and shipped to a prisoner-of-war camp in the Arizona desert. Like most other black nurses, Elinor pulled a second-class assignment, in a dusty, sun-baked—and segregated—Western town. The army figured that the risk of fraternization between black nurses and white German POWs was almost nil. Brought together by unlikely circumstances in a racist world, Elinor and Frederick should have been bitter enemies; but instead, at the height of World War II, they fell in love. Their dramatic story was unearthed by journalist Alexis Clark, who through years of interviews and historical research has pieced together an astounding narrative of race and true love in the cauldron of war. Based on a New York Times story by Clark that drew national attention, Enemies in Love paints a tableau of dreams deferred and of love struggling to survive, twenty-five years before the Supreme Court’s Loving decision legalizing mixed-race marriage—revealing the surprising possibilities for human connection during one of history’s most violent conflicts.

In this powerfully reasoned, lucidly written work, Harvard Law Professor Randall Kennedy takes on the highly complex issues of race, crime, and the legal system, uncovering the long-standing failure of the justice system to protect blacks from criminals and revealing difficult truths about these factors in the United States.

"Kraak Teet" is a Gullah Geechee phrase meaning "to speak." And the first-hand accounts in this book are transcribed directly from the grandchildren of the enslaved who laid the city's treasured cobblestone roads and introduced its famous red rice and deviled crabs. Those who lived through what can be considered the country's second wave of the #BlackLivesMatter movement. Kraak Teet catalogs stories of struggle—Ms. Madie's family of sharecroppers fleeing after her father sold a pig without permission, Mr. Roosevelt stuffing his mother's stab wounds with cobweb to stop the bleeding, and Ms. Florie marching Broughton Street twice a day to protest segregation—alongside stories of success—Queen Elizabeth Butler becoming Savannah's first black woman to own a car, Ms. Sadie making over \$500 a week running numbers, and the city's desegregation eight months before the Civil Rights Act passed. In the oral history tradition of Drums and Shadows,

Download Free Drylongso A Self Portrait Of Black America

Krak Teet repositions Savannah's black history as the basis for the whole versus a historical sidebar.

Poet and playwright Amiri Baraka is best known as one of the African American writers who helped ignite the Black Arts Movement. This book examines Baraka's cultural approach to Black Power politics and explores his role in the phenomenal spread of black nationalism in the urban centers of late-twentieth-century America, including his part in the election of black public officials, his leadership in the Modern Black Convention Movement, and his work in housing and community development. Komozi Woodard traces Baraka's transformation from poet to political activist, as the rise of the Black Arts Movement pulled him from political obscurity in the Beat circles of Greenwich Village, swept him into the center of the Black Power Movement, and ultimately propelled him into the ranks of black national political leadership. Moving outward from Baraka's personal story, Woodard illuminates the dynamics and remarkable rise of black cultural nationalism with an eye toward the movement's broader context, including the impact of black migrations on urban ethos, the importance of increasing population concentrations of African Americans in the cities, and the effect of the 1965 Voting Rights Act on the nature of black political mobilization.
