sociology to students and entice them to delve deeper into this exciting science. Six central themes run throughout this text: down-to-earth sociology, globalisation, cultural diversity, critical thinking, the new technology, and the growing influence of the mass media on our lives. These themes are especially useful for introducing the controversial topics that make studying sociology such a lively, exciting activity.

This introductory text offers a dual emphasis on individual and structural sociology, as well as emphasizing culture, everyday life and a use of down-to-earth examples. Each chapter ends with a question-and-answer review. A companion website with online study guide is available.

also retaining its classic must-read essays. Focusing on social interaction in everyday life, the forty-six selections bring students face-to-face with the twin projects of contemporary sociology: understanding the individual's experience of society and analyzing social structure. The fourteenth edition's exceptional new readings include selections on the role of sympathy in everyday life, mistaken perceptions of the American family, the effects of a criminal record on getting a job, and the major social trends affecting our future. Together with these essential new articles, the selections by Peter Berger, Herbert Gans, Erving Goffman, Donna Eder, Zella Luria, C. Wright Mills, Deborah Tannen, Barrie Thorne, Sidney Katz, Philip Zimbardo, and many others provide firsthand reporting that gives students a sense of "being there." Henslin also explains basic methods of social research,
