DAVE HUNT CLASSIC • - thebereancall

You would be amazed at how the occult is easily invading mainstream Christianity. Dave Hunt gives well-documented proof that Christians are becoming merely frogs in the kettle of water, slowly warming around us to boil us alive.

Author and lecturer Dave Hunt exposes what he believes is the subtle seduction of the world and church by a resurgent occultism, a reality which is corroborated by increasing suicide, violence, and immorality throughout society.

The Bible clearly states that a great apostasy must occur before Christ's Second Coming. Christians today are being deceived by a worldview that is more subtle and seductive than any before. We will look at some of the dangers in the growing acceptance and practice of: Positive and possibility thinking Healing of memories Self-help philosophies Holistic medicine This seduction of Christianity will not appear as a frontal assault or oppression of our religious beliefs. Instead, it will come as the latest fashionable philosophies that will promise to make us happier, healthier, better educated, and even more spiritual. A compelling look at the times in which we live and a clear call to every believer to choose between the original and the counterfeit. Only then can we hope to escape the seduction of Christianity.

Your friends, your family, your neighbors--and quite possibly even your church--are wondering: Is America at the threshold of a glorious rebirth into planetary enlightenment, peace, and brotherhood? Or have we, as forward-thinking Americans in our search for higher levels of human potential, opened a spiritual Pandora's box? Due to the occult philosophies embraced and advanced by Oprah, Dr. Oz, and countless others, Americans are rapidly awakening to what is being hailed as a paradigm shift in global consciousness. Whatever you believe, and why, one thing is certain: Today's world is the scene of a strange and growing paradox that seems to mark an important transformation in the history of mankind. For even as scientific and technological advancement is accelerating at an exponential rate, we are witnessing the greatest explosion of occultism of all time. The question is, Who is right? Is there

really a threat to the American culture? And, if so, what will awaken us to the truth that sets humanity free from spiritual deception and dangerous delusions--which appear to enlighten but actually lead to enslavement? Originally written as a tool to educate and inform nonbelievers of the dangers of the New Age movement, this timely reprint of Dave Hunt's classic 1988 work will astound you all over again with its groundbreaking revelations and prophetic implications. You'll not only want to add this to your "Dave Hunt Classic" library but also pass it along to those who may be mired in the New Spirituality of today or those loved ones you wish to protect from the prowling about of our spiritual adversary.

From the authors of the international bestseller *The Babylon Code* comes an explosive exposé of the chilling truth about the fierce opposition to the Trump presidency, and why the globalist elite and Deep State will stop at nothing--assassination, military coup, staged economic collapse, or worse--to overthrow him. "Trumpocalypse!" It's the media-coined meme inciting panic and fear that America has elected an unstable man who will barge into delicate international affairs like a bull in a china shop and incite nations bent on America's destruction to trigger World War III--an unprecedented nuclear apocalypse ending the world as we know it. But is the media telling us the truth? No, say internationally-recognized prophecy expert and Fox News and History Channel commentator Paul McGuire and Pulitzer Prize-nominated investigative journalist Troy Anderson. America's most insidious enemies are not hostile nations; they are elite globalists--the "Establishment" that is making the "1 percent" even richer while working-- and middle-class people watch their incomes and net worth's flatline or plummet. The authors fearlessly expose the globalist elite's secret plan for humanity and campaign of mass deception. Using documentation gleaned from years of journalistic investigation and extensive interviews with over fifty of the world's most respected geopolitical, economic and military affairs experts, faith leaders, and biblical scholars, McGuire and Anderson unmask these elites as members of secret societies with deep occult connections who have gained control of America's dominant institutions--government, education, entertainment, international banking, and even the media. *Trumpocalypse* explores the enigmatic prophecies and "biblical codes" involving Trump, and asks whether God raised up President Trump as a fearless leader to guide America and the free world through a series of major crises as the biblical end-time narrative unfolds, as many people with prophetic gifts are predicting, and shows why everyday Americans and evangelicals have rallied around Trump as their last hope of saving America and averting the horrors of the Apocalypse. It further reveals why Trump and millions of "deplorables" are fighting to stop the hidden agenda of the Establishment, and how the

perplexing chaos enveloping the planet could paradoxically signal the beginning of the great end-times awakening that millions are praying for. Here is an invitation to join the anti-Establishment surge-what evangelist Franklin Graham calls "the Christian revolution"-and discover how to fulfill your own destiny in the run-up to the Second Coming of Jesus Christ.

It is astonishing how many millions of otherwise seemingly intelligent people are willing to risk their eternal destiny upon less evidence than they would require for buying a car or even a low-carb food item-yet the belief of so many, particularly in the area of religion, has no rational or factual foundation. With well-researched arguments and compelling proof, this book demonstrates that the issue of where one will spend eternity is not a matter of preference (like joining the Elks instead of the Lions). In fact, there is overwhelming evidence that we are eternal beings who will spend eternity somewhere. But where will it be? And how can we know? There is no more important question to be faced-and answered.

Analyzes and critiques the Christian Countercult movement as a discrete socioreligious entity.

Much in the Church is being touted as biblical spiritual warfare, even to changing it from being spiritual to be geographical. This book critics spiritual warfare teaching, comparing it to the Bible and offers a biblically reasoned discussion on spiritual warfare.

Today many in Hollywood and the media have declared open warfare on the family, education, and Christianity in general. Intellectuals have labeled religion, particularly Christianity, as mere wish fulfillment or a virus of the mind, something to be eradicated at all costs. In Christianity's Dangerous Idea, Jonas Alexis picks up where he left off in his previous books and continues to examine the ideological fallacies that have been fabricated in order to attack Christianity--and the people who promote those fallacies. This latest book is a tour de force of rigorous logic and testable evidence for the Christian worldview from history, science, experience, common sense, and final destiny. More importantly, Alexis subjects the rivals of Christianity to the same rigorous testing. Christianity's Dangerous Idea clearly demonstrates the destructive nature of popular atheistic and anti-Christian philosophies, spread throughout Western culture by such famous people as Friedrich Nietzsche, Sigmund Freud, Carl Jung, David Cronenberg, Steven Spielberg, Alan Moore, William S. Burroughs, Philip K. Dick, Bruce Lee, Ayn Rand, Bart D. Ehrman, Richard Dawkins, and many more. In a scholarly yet readable

fashion, Alexis shows that what the ancient Greeks often referred to as "the cult of Dionysus" has become mainstream in our modern age.
