The Korean War has often been called America's "forgotten war" because the United States made no significant territorial or political gains during the war. Despite the fact that tens of thousands of Americans died, the war both began and ended with the Korean Peninsula divided at the 38th parallel. Nevertheless, the Korean War helped define the Cold War, established a precedent for keeping peripheral wars limited, and boosted defense spending that contributed to the postwar economic ...

The Cold War refers to the period following WWII until the collapse of the Soviet Union in the 1990s. This was a period when much of the world was divided by the communist/non-communist battle for military and political superiority. While the USA and the USSR were unquestionably the world's two superpowers, they avoided direct military conflict.
