When a former student of Thoreau's is found murdered and drained of blood, a newcomer to the village claims it is the work of a legendary Indian vampire, and the investigation leads Thoreau to the backstage world of a Boston theater.

Far from the tranquility of Walden Pond, Henry David Thoreau confronts the chilling reality of an epidemic. . .as well as cold-blooded murder. The winter of 1847 has brought a consumption epidemic which is devastating the village of Plumford, Massachusetts. In an atmosphere of increasing hysteria and superstition, country doctor Adam Walker and philosopher Henry David Thoreau seem the only voices of reason. The winter also brings two visitors to Plumford. Solomon Wiley hails from Rhode Island and offers his services as a vampire hunter, insisting that the scourge is supernatural in origin. At the same time, Adam's cousin Julia has returned home from France, mysteriously without her new husband. When a former student of Thoreau's is found mutilated and drained of blood in the woods, Wiley insists that a legendary Indian vampire has arisen. Dismissing the blustering fearmonger, Thoreau and Adam follow clues to the backstage world of a Boston theater, the smoky decadence of an opium den, and an Indian burial ground. Both men will need to keep their wits about them--or risk ending up in coffins of their own. . . Praise for Thoreau at Devil's Perch "A promising debut. . .Thoreau is just as you'd expect him: erudite, eccentric, waxing philosophical about his love of nature, and a natural detective." --Publishers Weekly "Ambitious. . .the research and fresh take on Thoreau make for an admirable start." --Library Journal

Helen Damnation's rebellion against the Reapers has spread. All across post-nuclear Britain, the fires of revolution are beginning to burn. But her old enemy Tereus Winterborn still intends to rule supreme, and has a new ally in Dr Mordake, the creator of Project Tindalos - now monstrously transfigured by the forces he unleashed at Hobsdyke. Their target is Helen's closest ally: the last Grendelwolf, Gevaudan Shoal. The worst tortures of all await him in the cells of the Pyramid. At Hobsdyke, in the tunnels beneath Graspden Hill, the legacy of the Night Wolves is waiting for him - along with secrets about Helen that threaten to tear both Gevaudan and the resistance apart. With the Reapers poised to strike at the first sign of weakness, a series of brutal killings breaks out behind rebel lines - and the evidence leads back to Gevaudan's door. With all those closest to Helen turning against her, she faces her greatest challenge yet as Winterborn begins his bid for ultimate power.

Presents Wolf Hill Elementary School, a K-4 educational facility located in Oceanport, New Jersey. Details the use of computers in the School and discusses online activities undertaken by students in the fourth grade. Includes software reviews of educational titles and provides access to the online version of the "Warwick Times" School newsletter.

Chad is a bored young man who spends his days hanging out with his going nowhere friends. He hears a rumorthat the old man living in a house on top of a hill is rich...He has "buried treasures" inside his house, expensiveheirlooms and jewelry from his own alleged criminal past. Chad recruits a few of his buddies to rob his house one nightbut they soon realize another rumor may be true...The old man is a werewolf in hiding...and the night they've chosen to rob his house is under a full moon...

Wolf Hill is an exciting series from Roderick Hunt and Alex Brychta, creators of the Oxford Reading Tree. It is designed to provide an easy, supportive and sustained read for those pupils who need to gain confidence and motivation in their reading. The stories will appeal to reluctant readers aged approximately 7-11 and deal with the real-world adventures of a group of friends who live and attend school in an area called Wolf Hill. The children experience lively, amusing adventures and the stories also deal with issues about friendship, school and life in a modern urban environment. The books are designed to look like popular novels for older children with a spine and chapters, boosting confidence and interest of those who may have been stuck on reading scheme books aimed at younger children and appealing to the most image-conscious pupils. This book is also available as part of a mixed pack of 6 different books or a class pack of 36 books.

In the ruthless arena of King Henry VIII's court, only one man dares to gamble his life to win the king's favor and ascend to the heights of political power England in the 1520s is a heartbeat from disaster. If the king dies without a male heir, the country could be destroyed by civil war. Henry VIII wants to annul his marriage of twenty years, and marry Anne Boleyn. The pope and most of Europe opposes him. The quest for the king's freedom destroys his adviser, the brilliant Cardinal Wolsey, and leaves a power vacuum. Into this impasse steps Thomas Cromwell. Cromwell is a wholly original man, a charmer and a bully, both idealist and opportunist, astute in reading people and a demon of energy: he is also a consummate politician, hardened by his personal losses, implacable in his ambition. But Henry is volatile: one day tender, one day murderous. Cromwell helps him break the opposition, but what will be the price of his triumph? In inimitable style, Hilary Mantel presents a picture of a half-made society on the cusp of change, where individuals fight or embrace their fate with passion and courage. With a vast array of characters, overflowing with incident, the novel re-creates an era when the personal and political are separated by a hairbreadth, where success brings unlimited power but a single failure means death.

Wolf Hill is an exciting new series from Roderick Hunt and Alex Brychta, creators of the Oxford Reading Tree, It is designed to provide an easy, supportive and sustained read for those pupils who need to gain confidence and motivation in their reading. The stories will appeal to reluctant readers aged approximately 7-11 and deal with the real-world adventures of a group of friends who live and attend school in an area called Wolf Hill. The children experience lively, amusing adventures and the stories also deal with issues about friendship, school and life in a modern urban environment. The books are designed to look like popular novels for older children with a spine and chapters, boosting confidence and interest of those who may have been stuck on reading scheme books aimed at younger children and appealing to the most image-conscious pupils. Levels 1 & 2 will appeal to children with an interest level of around 7-8.

The friends from Wolf Hill School share more adventures in a new series of Level 1 stories. Wolf Hill provides: * first-class story themes particularly appealing to boys * cliff-hanger chapter endings help build reading stamina * excellent teacher support * grown up pocket book format and chapters boost confidence for reluctant readers
